

Hopper discharge unit for feeding limestone to a belt conveyor

Product group: Hopper discharge unit

Industrial process: Discharging, feeding, conveying

Industry: Construction, Quarries, Pits, Mining, Cement

Type of drive: Unbalance motor

capacity (t/h): 750 | **bulk:** crushed limestone | **density (t/m³):** 1,5 | **grain size (mm):** 0-20

function:

The crushed limestone is conveyed into a hopper and should be discharged from there for feeding a belt conveyor

solution:

Use of a Hopper discharge unit

usability:

Improvement of the discharge from the hopper to the following belt conveyor

place of installation: United Arab Emirates
